Foreign Language

In the age of globalization, difference in languages should not become a barrier in communication. Keeping this fact in mind, the foreign language courses in three most important languages in terms of job prospects were offered; German, French and Spanish. The students of batch 2018-20 learned foreign language in Semester II. These languages were chosen based on the preferences given by the students. The two credit course was conducted for 30 hrs. Starting from February, the course lasted till March. The faculty from ELTIS took the sessions. All 77 students attended the sessions.

The course helped the students in improving their proficiency by imparting detailed knowledge to them on grammar and structure of the language. This will enable them to find jobs easily outside India. The following was the course module:

1. Basic grammar and vocabulary
2. Reading, Writing, Speaking and understanding basic texts
3. Learn how to express yourself adequately in familiar, everyday situations
4. Learn communicative language
