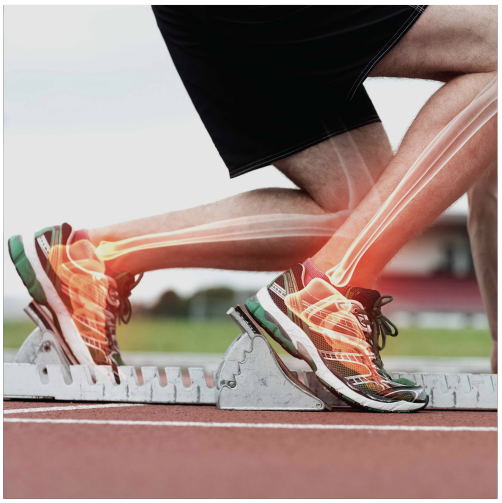
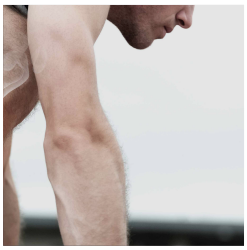
SPORT AND EXERCISE SCIENCE





ABOUT SSSS

Our Institute

At Symbiosis, we are dedicated to developing future leaders in strength and conditioning, sports coaching, and exercise science. Our hands-on approach, combined with an advanced curriculum, prepares students to excel in performance optimization, athlete development, and sports management.

Our Vision

To be a global leader in sports and exercise science, nurturing professionals who are skilled in strength and conditioning, sports coaching, and innovative training.

Our Mission

We aim to provide a blend of academic excellence and practical industry experience, fostering experts who will make a lasting impact in sports performance, athlete development, and overall physical well-being across various sports disciplines.

Director's message

Explore the new exciting degree at Symbiosis School of Sports Sciences and contribute towards making India a SPORTING NATION. An opportunity to study the science behind Sports Performance, Exercise, Health and Physical activity at a Health Promoting International University.

The multi-disciplinary nature of sports will be addressed by the experts from the fields of Medical Sciences and Engineering to provide you with the latest knowledge across all allied sciences and cutting edge technology as applied in Sports. The program provides a unique blend of theory and on-field practical.

Research forms an integral part of our curriculum and you will have an opportunity to **make your own contribution to the field of** Sports Science.
